## Mesh (Sign Banner)

### Mesh

Der's Mesh belongs to sign banner, used as advertising vinyl banner, using vinyl banner printing which has the following features:

- 1) Good ink absorption: Solvent ink can be absorbed totally on the surface of mesh, it can realize vivid banner printing.
- 2) Good ventilation and light transmission, its ventilation gives a fine protection of buildings, and it has no influence on indoor daylight intensity.
- 3) The use of weaving machine imported from Germany guarantees the good tensile strength and shrink strength of the mesh.

Application of Mesh: used as sign banner, advertising vinyl banner, appeared in outdoor advertising, using format printing.

Mesh is suitable for most kinds of solvent printers, good vinyl banner printing technology with magic colors.

### Main Parameters:

Type	Base Fabric	Weight (g/sq.m)	Width(m)	Length(m/roll)
DM2302 /PVC PAD	1000*1000 12*12	350	1.02-3.5	50
DM2100	1000DX1000D 9X9	240	2.50/2.80/3.20	50
DM2101	1000DX1000D 9X13	250	2.50/2.80/3.20	50
DM2102	500DX1000D 18X12	270	2.50/2.80/3.20	50
DM2103	1000DX1000D 18X9	280	2.50/2.80/3.20	50
DM2200/Non Woven	1000DX1000D 9X9	270	2.50/2.80/3.20	50
DM2201/Non Woven	1000DX1000D 9X13	280	2.50/2.80/3.20	50

DM2300/PVC PAD	500DX1000D 18X12	400	2.50/2.80/3.20	50
DM2301/PVC PAD	1000DX1000D 9X13	380	2.50/2.80/3.20	50
DM2400/Flame Retardant	1000DX1000D 9X9	250	2.50/2.80/3.20	50
DM2401/Flame Retardant	1000DX1000D 9X13	260	2.50/2.80/3.20	50
DM2402/Flame Retardant	1000DX1000D 18X9	290	2.50/2.80/3.20	50
